

International ISO Online Training

Summarised offering — global capability, online access, practical application.

Priority learning areas

- ISO/IEC 42001 – AI Management Systems
- ISO/IEC 27001 – Information Security
- ISO/IEC 27701 – Privacy Management
- ISO 9001 – Quality Management
- Risk, audit and compliance programmes (risk management, business continuity, organisational resilience)

Delivery

Online and in-person blended delivery, accessible across South Africa and Africa; programmes are typically delivered over 2-5 days, against the framework of an independent, internationally accredited Global Examination and Training Authority — the body that owns the exam, sets the syllabus, and issues the certification. MPD is its Authorized Training Reseller for South Africa and the rest of the continent.

Suitable for executives, managers, professionals, consultants, technical specialists and implementation teams.

Linked to Continuing Professional Development (CPD) and professional certification pathways where applicable.

SETA funding may be available for qualifying organisations and learners — subject to sector eligibility, the relevant SETA's criteria, funding windows and formal approval. Not automatic or guaranteed.
